

Attestation of Conformity

Altaeco S.p.A. via G. Pascoli 4/6 - 20010 Vittuone (MI)

Factory address: S.S. 143 - Cerrione (BI) - Italy
Year in which the CE marking was affixed: 2005
Reference standard: EN 14411
Product classification: Glazed ceramic tiles dust pressed for internal wall/ceiling finishes.

Collection name: Vogue IN e TR
Product reference: Interni e trasparenze
Product description: Bisello
Group: BII a (3% < E <= 6%)

CHARACTERISTICS

Reaction to fire: A1

Flexural tensile strength:
breaking strength > 1000 N (for tiles with thickness <= 7,5 mm)
breaking strength > 1700 N (for tiles with thickness > 7,5 mm)
modulus of rupture 40 N/mm²

Resistance to thermal shocks: passed

Bond strength/adhesion:
declared value NPD

Slipperiness:
declared value NPD

Skid resistance:
declared value NPD

Durability - freeze / thaw resistance: failed

Release of dangerous substances:
release of Cadmium NPD mg/dm²
release of Lead NPD mg/dm²
